

Centers for Disease Control and Prevention
Fiscal Year 2013 Grants Summary Profile Report for
Missouri

This profile includes selected CDC grants and cooperative agreements provided to health departments, universities, and other public and private agencies in Missouri. Refer to the “About the Data” section below for important qualifying statements about the data.

2013 Population Estimate: 6,044,171
Timeframe: 10/01/12 - 09/30/13

CATEGORY	OBLIGATED AMOUNT	PERCENTAGE
Agency for Toxic Substances and Disease Registry	\$331,895	0.3%
Birth Defects, Developmental Disabilities, Disability and Health	\$909,493	0.9%
Chronic Disease Prevention and Health Promotion	\$8,833,648	9.1%
Cross-Cutting Activities and Program Support	\$400,000	0.4%
Environmental Health	\$507,161	0.5%
Infectious Diseases	\$13,192,346	13.6%
Injury Prevention and Control	\$1,418,476	1.5%
Occupational Safety and Health	\$686,535	0.7%
Prevention and Public Health Fund/Other ACA Funds	\$3,003,749	3.1%
Preventive Health and Health Services Block Grant	\$1,862,770	1.9%
Public Health Preparedness and Emergency Response	\$10,696,227	11.0%
Public Health Scientific Services	\$276,052	0.3%
Public Health Social Services Emergency Fund	\$81,625	0.1%
Vaccines for Children	\$54,687,937	56.4%
Grand Total	\$96,887,914	100.0%

CATEGORY & SUB-CATEGORY	OBLIGATED AMOUNT
Agency for Toxic Substances and Disease Registry	\$331,895
Agency for Toxic Substances and Disease Registry	\$331,895
Birth Defects, Developmental Disabilities, Disability and Health	\$909,493
Child Health and Development	\$795,920
Health and Development with Disabilities	\$113,573
Chronic Disease Prevention and Health Promotion	\$8,833,648
All Other	\$587,029
Arthritis	\$460,750
Cancer Prevention and Control	\$5,620,261
Diabetes	\$691,757
Safe Motherhood/Infant Health	\$145,024
School Health	\$198,386
Tobacco	\$1,130,441

52	Prevention and Public Health Fund/Other ACA Funds	Section 317 - Immunization Program	Enhanced Surveillance For New Vaccine Preventable Diseases	Children's Mercy Hosp (Kansas City, Mo)	Kansas City	Jackson	MO-005	391,529
53	Prevention and Public Health Fund/Other ACA Funds	Tobacco	Pphf 12 State Public Health Approaches For Ensuring Quitline Capacity	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	374,541
54	Preventive Health and Health Services Block Grant	Public Health Service Block Grants	Preventive Health Services	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	1,770,475
55	Preventive Health and Health Services Block Grant	Public Health Service Block Grants	So11-1101, Behavioral Risk Factor Surveillance System (Brfss)	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	92,295
56	Public Health Preparedness and Emergency Response	BioSense	Oe12-1202 Biosense 2.0	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	178,886
57	Public Health Preparedness and Emergency Response	Hospital Preparedness Program (HPP) and Public Health Emergency Preparedness (PHEP)	Tp12-1201 Hpp And Phep Cooperative Agreements	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	10,517,341
58	Public Health Scientific Services	Surveillance, Epidemiology, and Public Health Informatics	Epidemiology And Laboratory Capacity (Elc)	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	173,412
59	Public Health Scientific Services	Surveillance, Epidemiology, and Public Health Informatics	So11-1101, Behavioral Risk Factor Surveillance System (Brfss)	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	102,640
60	Public Health Social Services Emergency Fund	Public Health Social Services Emergency Fund	Elc: Non-Pphf	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	81,625
61	Vaccines for Children	Grant Awards	Enhanced Surveillance For New Vaccine Preventable Diseases	Children's Mercy Hosp (Kansas City, Mo)	Kansas City	Jackson	MO-005	158,471
62	Vaccines for Children	Grant Awards	Missouri Immunization Program	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	1,041,883
63	Vaccines for Children	Vaccine Purchases	Not Applicable	Missouri State Dept/ Health & Senior Srv	Jefferson City	Cole	MO-004	53,487,583

About the Data

Data Included

- The grants and cooperative agreements data in this report include actions awarded (i.e., obligated funds) domestically in fiscal year 2013 (10/1/12 to 9/30/13) from CDC's annual appropriation and Prevention and Public Health Fund (PPHF)/Other ACA Funds.
- CDC revised its approach to categorizing the data in FY13—specifically, by CDC budget line versus subject area or focus of the funding—so that the data is organized by which CDC appropriation account was used to make the investment. This affected where individual continuing projects fell within the data set and changes in some categories and subcategories.
- Because the data includes funds obligated in 2013, it includes funding authorized through legislation passed in previous years, but only the amount actually obligated in FY2013.
- The primary purpose of the Vaccines for Children (VFC) program is to provide vaccines to eligible children. Thus, the VFC totals for each state and territory funded include the value of the federally-purchased vaccines distributed to each grantee's VFC-participating healthcare providers.
- The Section 317 program provides immunization infrastructure/operations grants and federally-purchased vaccines to 99 grantees, including all 50 states and territories. The Section 317 totals for each state and territory include the immunization infrastructure/operations grants, but not the value of the federally-purchased vaccines distributed to each grantee's VFC-participating healthcare providers.

Data Excluded

- This data does not include any CDC expenditures, above such as contracts, personnel, direct assistance, or other CDC operational and administrative costs, other than those noted above.
- The following grants and cooperative agreements data were outside the scope of this profile and were excluded: funding of International activities, Reimbursable Agreements (funds from other federal agencies to support their missions), Cooperative Research and Development Agreements, Royalties, User Fees and Intra-Departmental Delegation of Authority funds (fund transfers to CDC from DHHS), PEPFAR (President's Emergency Plan for AIDS Relief), Gifts and Donations, Global Health funds, Business Services Support funds and Buildings and Facilities funds.

Therefore, this data does not reflect CDC's total appropriations in any given area.

Data Sources

- Funding Data - CDC Procurement and Grants Office (for grants and cooperative agreement data) and the CDC National Center for Immunization and Respiratory Diseases (for Vaccines For Children data)
- United States, the District of Columbia and Puerto Rico - the 2010 U.S. Census, updated with 2013 estimates at <http://www.census.gov/popest/data/state/totals/2013/>
- For all other geographies - 2013 data from the United Nations <http://www.indexmundi.com/g/>

Data Interpretation and Use

- CDC revised its approach to categorizing the data in FY13—specifically, by CDC budget line versus subject area or focus of the funding—so that the data is organized by which CDC center, institute, or office, or ATSDR made the investment. This affected where individual continuing projects fell within the data set and changes in some categories and subcategories.
- In FY2013, in accordance with the Budget Control Act of 2011, a series of spending cuts, called sequestration, cancelled approximately \$85 billion in budgetary resources across the Federal government for the remainder of the Federal fiscal year. For information about the impact of sequestration on CDC activities, please see Sequester Impacts and FAQs.
- These data are useful as a snapshot of CDC grant and cooperative agreement funding provided to states and territories by CDC budget line. However, caution should be used in interpreting these variations. Several of the reasons for variations are (1) not all eligible states or territories apply for every program opportunity, (2) most federal funding is awarded via a competitive or merit-based process and not all states or territories that apply are funded for every program, and (3) some funding is allocated according to a pre-set formula (such as per capita allocation or a need-based funding allocation), which is sometimes specified in law.
- Users of this site and data should be aware of various factors that make comparisons of data between jurisdictions and by per capita difficult to interpret and may lead to inaccurate conclusions in the absence of more in-depth study. Some of those factors include the following:
 - CDC has many different grant types with differing application eligibility and award criteria such as population disease burden, per capita formula-based, competitive based on proposal merit, non-competitive, etc.
 - Awards made to an entity will typically reflect the geographic location of the entity's official business or billing address such as a State capitol for a State government award. The awards therefore will not reflect the actual geographic application of the funds by the grantee in carrying out the purpose of the grant.
 - CDC makes awards to various national associations that carry out national public health programs that have nationwide impact; however, the awards will be reflected in the geographic jurisdiction of the association's main office.
 - In addition, there may be variation across years for where a program/activity resides in CDC's organizational and budget structure. Funding sources linked to a particular program/activity may also vary year-to-year. Therefore, it is possible for a multi-year project to fall into one category or sub-category one year and into another the next. In addition, funding categories may be added or deleted as CDC's budget changes year to year (e.g., funding categories are deleted because their shorter-term funding sources expire). This makes 1:1 comparisons of one year's set of projects to another year's set of projects under each category or sub-category a challenge.
